July 2006

Trio Motion Technology Ltd. and Metronix Meßgeräte und Elektronik GmbH are pleased to announce a collaboration to design motion technology servo drives based on Trio BASIC and *Motion* Perfect software. The agreement was signed at the Trio headquarters in Tewkesbury by Chris Backhouse, Trio's Managing Director and Prof. Dr. Michael Krüger, General Manager of Metronix.

Metronix has developed, produced and distributed innovative drive technology for industrial machines and applications for more than 30 years. Metronix is owned by Cooper Industries, a global manufacturer of electrical products, tools and systems, with approximately 28,000 employees in over 100 locations around the world.

In 2005 it had revenues of \$4.7 billion, approximately 30 percent of which are international sales. Chris Backhouse said, "We are delighted to have the opportunity to introduce our technology further into the German market."
