

NEWS RELEASE September 2008

Trio Appoints a New Distributor...

"We are very excited about our new partnership with Triomotion. We believe that with Trio's ongoing innovation in motion control solutions, which truly meet the needs of the market, makes them an ideal partner for Vipa Ltd. As a young company, we have been pleased and amazed by the support being offered by the Triomotion team.

Vipa's goal is to offer solution to our customers where quality, reliability, flexibility and simplicity are the main deliverables. Using our expertise, complementary supply partners (such as Trio) and our integration support network, our value proposition is centred around maximising our customers total buying experience - Triomotion plays a key part in achieving this!"
